## Avoid the Penalty

You may have to pay a penalty if you don't enroll in a health insurance plan by **January 31, 2017**.

For 2016 federal tax filings, the penalty will be whichever is higher:

**2.5% of your yearly income**  
**OR**  
**\$695 for every adult in your family and \$347.50 for every child**

Note: Limited to a family maximum of \$2,085

The penalty is capped at the cost of the national average premium for a bronze level health plan available through the Marketplace in 2017. If you don't enroll in a health insurance plan by January 31, 2017, you'll be responsible for paying 100% of your medical care costs. If you have certain life changes, like moving to a new state, having a baby, or losing health coverage, you may qualify for a Special Enrollment Period.

- ⇒ Are you currently without health insurance?
  - ⇒ Are you self-employed and seeking health insurance?
  - ⇒ Are you a church or non-profit seeking health insurance for your staff?
  - ⇒ Are you a small municipality seeking health insurance for your employees?
- If you answered "yes" to any of these questions, you may be eligible for coverage through the Health Insurance Marketplace.

## YOU MAY QUALIFY FOR SAVINGS ON YOUR PREMIUMS

You may qualify for lower costs on health insurance coverage based on how many people live in your home and how much money is earned.

Family Size	Income
1	\$11,880 to \$47,520
2	\$16,020 to \$64,080
3	\$20,160 to \$80,640
4	\$24,300 to \$97,200
5	\$28,440 to \$113,760
6	\$32,580 to \$130,320
7	\$36,730 to \$146,920
8	\$40,890 to \$163,560

Using the table above, match your family size and income. To qualify for savings on your premiums, your income must fall within the amount stated for your family size. Even if you're not eligible for savings, you still may be eligible for unsubsidized Marketplace Coverage.
