

Already have Marketplace coverage? You should still compare plans every year

Marketplace plans can change each year – things like costs and coverage. Even if you're happy with your plan changes for next year, and you don't have any life changes to report (like moving to a new state or changes in your income or household), you should still take a look at the health plans being offered in your area. You might benefit from a change, and you never know until you compare.

TO HELP YOU DECIDE WHETHER TO KEEP OR CHANGE YOUR PLAN, TAKE THE QUIZ BELOW (GIVE YOURSELF 1 POINT FOR EVERY "YES" ANSWER)
